At Risk Count

Attrition Rate by Department

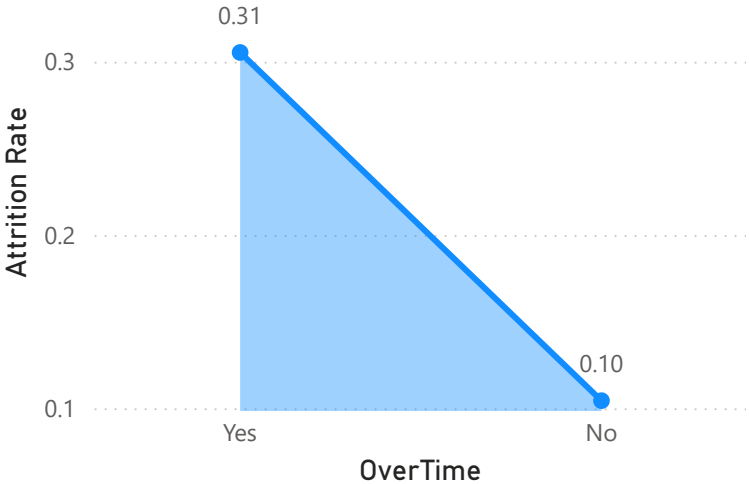

Estimated Cost by Department

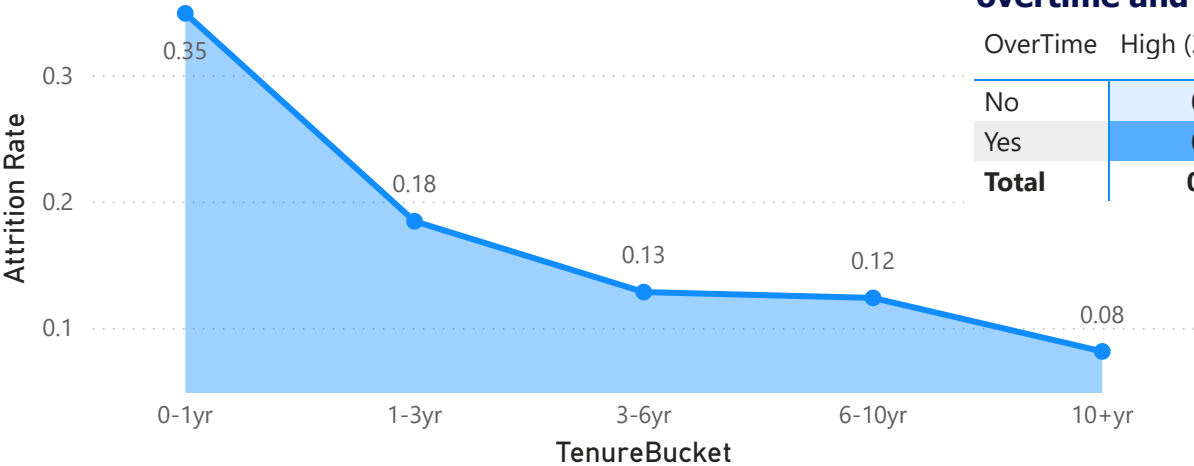

Attrition rate rises sharply with overtime, low satisfaction, low tenure, and lower income but overtime shows the clearest jump.

Overtime Nearly Triples Attrition

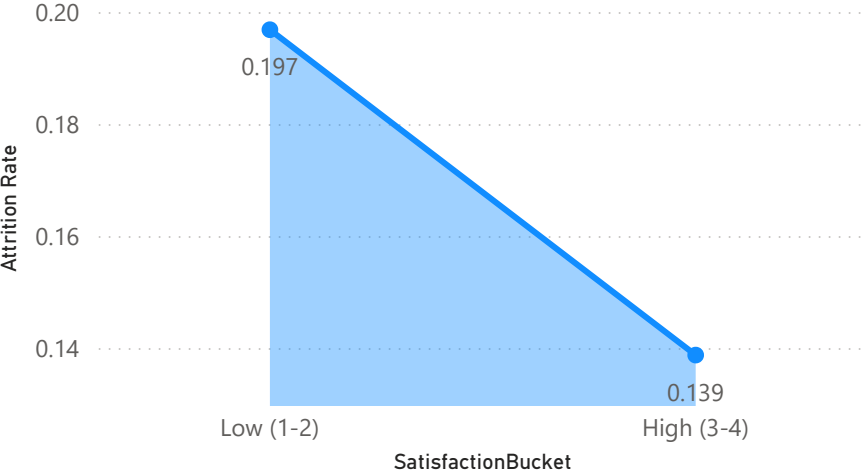

Risk Drops Sharply After Year One

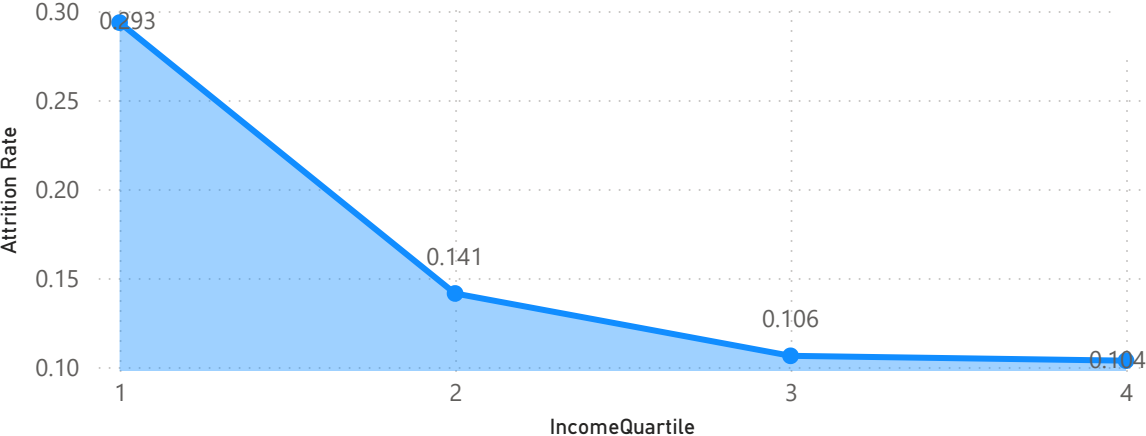

Attrition rate by combined overtime and satisfaction status

OverTime	High (3-4)	Low (1-2)	Total
No	0.08	0.13	0.10
Yes	0.27	0.37	0.31
Total	0.14	0.20	0.16

Lower Satisfaction, Higher Attrition

Lowest Earners Leave 3x More Often

NOTE:
Yes + Low satisfaction
group = 153 employees,
large enough to be
reliable
